## Infant Teacher Spot Light

Ms. Diane

Diane Pritchard has been a part of MIC Academy for 20 years and currently serves in our Whale Room.

She loves watching the babies learn and discover new abilities everyday. Her favorite memories from this year have been watching the babies discover crawling and the excitement that comes with moving. If she could go anywhere on vacation, she would travel to Ireland.

Ms. Anna

Anna Blizzard has been a part of MIC Academy for 3 years and currently serves in our Whale Room. She loves watching the babies grow and develop throughout the year. Her favorite moment for this year has been helping Josiah begin taking steps. If she could go on vacation anywhere, she would go to Hawaii because it has beaches and mountains all in one place.

Ms. Laura

Laura Thompson has been a part of MIC Academy for six months and currently serves in our Whale Room. She loves the smiles, snuggles, and cuddles that being in an infant room has to offer. Her favorite moments have been watching Jalen learn to sit up and Lukas learning to crawl. If she could travel anywhere on vacation, it would be to Europe.

The VPK students will be assessed during the month of April. This is the state mandated required testing that is also given at the beginning and middle of the year. You will receive your student's results from this test in May. The results will show your student's growth from the beginning of VPK to where he/she is now.
